New customs regulations in Istanbul during T/S

致：尊敬的客户/各订舱代理：

Dear valued customers & all booking agencies:

SUBJECT: Istanbul Customs applied new regulation for cargo to be transhipped via TRIST. The main cargo group affected by the new restriction are animal products, fish, dairy products, meat and other food products that are subject to Veterinary Control.

EFFECTIVE DATE: February 1st, 2020 based on cargo arrival date with no grace period.

ACTIONS REQUIRED: before cargo arrives Turkey the set of documents/information listed below should be provided in order to gain authority acceptance. The application with required documents will be submitted by ONE TR's customs broker.

REQUIRED INFORMATION:

- Copy of BL
- Application in Ministry of Agriculture online system with:
 - 8 Digit HS Code (booking office should add it in "internal remarks" field in OPUS if not mentioned on BL body)
 - Origin of the goods (booking office should add it in "internal remarks" field in OPUS)
 - Shipper, Consignee
 - Quantity of packages
 - Cargo weight
 - Detailed cargo description in Turkish (cargo description should be clear and unambiguous)
 - Subject to customs charges (please refer to ONE local charges)
- It is possible to make the application before the vessel arrives. ONE TR is already working on detecting cargo with below HS codes on the way.
- Further documents / samples may be required if authorities consider it necessary. Sampling may be arranged by TR customs broker and port authorities for transshipment cargo.
- Booking offices can contact below e-mail addresses and phone numbers for assistance:
